

NABC RECYCLED RIDES™

National Auto Body Council members have teamed up to donate thousands of cars and positively change lives for individuals in need through the NABC Recycled Rides™ program.

National Auto Body Council provides members with resources and step-by-step help to implement a successful event, from vehicle acquisition, connecting with nonprofits, to title transfer, event publicity and promotion. The result is an incredibly rewarding, exciting experience for everyone involved.

NABC FIRST RESPONDER EMERGENCY EXTRICATION (F.R.E.E.™)

Thousands of first responders have benefitted from the only extrication program that provides hands-on practice on late model vehicles. Hosted by National Auto Body Council member repair facilities, first responders practice their extrication and cutting skills on vehicles equipped with advanced technology, with instructors from rescue tool manufacturers. Knowing where and how to cut saves precious seconds and lives.

NABC DISTRACTED DRIVING INITIATIVE

It's one of the most dangerous issues facing drivers of all ages today - driving while distracted by phones, onboard technology and other elements.

National Auto Body Council members have exclusive access to a Distracted Driving Toolkit, developed in partnership with AT&T's "It Can Wait®", that provides a virtual reality experience and all necessary materials to deliver public awareness presentations that motivate drivers to pledge to end distracted driving.

Stand with Industry Leaders

When you join the National Auto Body Council, you join an elite network of collision industry professionals committed to giving back in our communities.

From repairers, insurers, information providers, rental car companies, recyclers, salvage companies to parts and materials suppliers and industry consultants, we all work together to help those in need by Changing And Saving Lives.

Membership in the National Auto Body Council brands you and your company as an industry leader that cares and gives back.

The Collision Industry Working Together for a Common Goal

National Auto Body Council members have exclusive access and resources to help you implement nationally-recognized community service programs that Change And Save Lives:

- NABC Recycled Rides™
- NABC First Responder Emergency Extrication (F.R.E.E.™)
- NABC Distracted Driving Initiative in partnership with AT&T's "It Can Wait®"

Membership in an Elite Group

Your membership in the National Auto Body Council allows you to work shoulder to shoulder with collision industry thought leaders.

- Build strong brand awareness
- Collaborate and strengthen partnerships
- Create rewarding experiences for your team
- Promote a positive and professional image of our collision industry

Our participation in National Auto Body Council community service programs has resulted in more community goodwill and recognition than any advertising campaign could buy. The tremendous pride it brings to our entire team is priceless.
